

Anubhuti - Back to School

Saarthi JD

About Anubhuti

Founded in the year 2016 by the young devoted blood, Ms. Sakshi Srivastava, Anubhuti is a not-for-profit organization that works with a vision '*All children will have equal opportunities to access quality education*'

We work with drop out and out of school children who are victims of different factors such as unemployment, child labor, migration or gender-based issues like marriage, responsibilities, etc. Through our program 'Back to school', we aim to bridge the academic gap to ensure that these children go back to become a part of the system and equip these children to become empathetic and action oriented citizens of the society. We do this by providing an opportunity to most promising young graduates from local communities to serve as teachers to the drop out and out of school children and engage at grassroot levels to empower all the stakeholders to have an equal voice in building a child's future at the systemic level.

In the last 4 years, Anubhuti has been able to impact 60,000+ children through our programs. To know more about our organisation, visit our [Instagram](#) and [LinkedIn](#) pages.

About the Role

Anubhuti is seeking passionate and committed individuals who see the role of teachers as not just knowledge building exercises but are excited by the prospect of looking at teaching as a transformative journey for self and children.

As a Saarthi, you will have to commit to 5-6 hours a day for 5 days in a week and your role will include:

- Setting goals and vision for your classroom
- Planning and facilitating lessons for drop out and Out of School children of age group 12-14 from under-resourced communities in Ghaziabad
- Collecting data on quarterly basis to measure student learning outcomes
- Building relationships with stakeholders such as parents, community, school teachers and headmasters
- Designing and executing interventions for community mobilisations

Location: Ghaziabad, UP

Eligibility Criteria

Individuals interested in above roles must have the following:

Knowledge and Skills:

- Knowledge of English and Hindi language
- Basic Computer proficiency as the teaching will happen through both online and offline media
- Research and Design skills to create learning materials and lesson plans with activities
- Ability to set goals for self and others and track progress

Mindsets:

- Passionate about teaching and working with children from challenging contexts
- Believes in power of community and collaboration with diverse stakeholders
- Believes that every challenge is an opportunity to grow
- Self driven and takes initiatives on his/her own

Education and Experience:

- Completed graduation in/before 2020
- Past volunteering or work experience in any field (teaching experience would be preferable)

Perks of working with Anubhuti:

At Anubhuti, people are the most important part of our mission. We want to bring you the best learning experience and make each moment memorable for you. You are doing a commendable job by sharing the challenge that India is facing right now. By being a part of the team, you will get an opportunity to

- Be at the forefront of the quality education movement
- Space to bring your ideas into action in a culture that values nurture and growth
- The role has a possibility for converting into a full time role based on the performance evaluation after 6 months

Remuneration:

Apart from the perks mentioned above, the Saarthi will get a monthly stipend.

Please do reach out at info@anubhuti.org.in or contact Sakshi Shrivastava at +91 81306 98203 for any further queries.

Thanks!
